

Dear graduating students,

Congratulations! You are engineers now. At this moment we would like to have your opinion regarding the Naval Architecture & Marine Engineering program at BUET. This exit survey is intended to get your valuable comments. The information you provide here will be confidential and will strictly be used for assessment of the program. We earnestly request that you provide your candid opinion.

## Exit Survey

### *Background information*

1.	Name :			
2.	BUET Student ID :			
3.	Name of School of SSC exam :	District	Board	
4.	Name of College of HSC exam :	District	Board	
5.	CGPA upto L4 T2			
6.	Group :			
7.	Average number of hours spent per day for study (outside class) during term			
8.	Average number of hours spent per day for study during prep. Leave & exam			
9.	Average number of hours spent for earning (tutoring etc.) per day, if any			

### *Skills, Abilities and Attributes*

	<b>Please rate your ability for the following achieved through the NAME program at BUET</b>	Poor (E)	Fair (D)	Good (C)	V.Good (B)	Excellent (A)
1.	An ability to apply knowledge of mathematics, science, and engineering in the field of naval architecture, marine and offshore engineering					
2.	An ability to formulate engineering problems and develop practical solutions					
3.	An ability to design products and processes applicable to naval architecture, marine and offshore engineering					
4.	An ability to design, conduct, analyze, and interpret the results of engineering experiments appropriate to naval architecture, marine and offshore engineering					
5.	An ability to work effectively in teams and provide leadership					
6.	An ability to effectively communicate orally, graphically and in writing					
7.	An ability to understand the impact of engineering decisions in a global/societal/environmental context					
8.	An understanding of professional and ethical responsibility					
9.	A recognition of the need for an ability to engage in lifelong learning					
10.	A broad education necessary to contribute effectively beyond their professional careers.					

*Facilities*

	<b>Please rate the following</b>	Poor (E)	Fair (D)	Good (C)	V.Good (B)	Excellent (A)
1.	Course content and syllabus					
2.	Effectiveness of the degree program to prepare you for the job market					
3.	Your accessibility to course teachers and their approach to help you					
4.	Knowledge of course teachers and their preparation for the lectures					
5.	Class notes and reference materials					
6.	Guidance and help received from your advisor regarding your study					
7.	Support of the departmental office staffs					
8.	Computer facilities					
9.	Laboratory facilities to conduct the experiments					
10.	Library facilities (books, computers, electronic databases, study desks etc.)					
11.	Scope of extracurricular activities					
12.	Fairness in the evaluation (grading of quiz, assignment, exam etc.)					
13.	Your satisfaction level about the Naval Architecture & Marine Engineering program at BUET					

*General Comments*

1.	Your next plan	(a) Job (b) Higher Study (c) Other .....
2.	Your comments on session jam at BUET and suggestions for improvement	
3.	Your suggestions for improvement of the Naval Architecture & Marine Engineering program	
4.	Comment on any other issue
